

Advanced Plating Technologies among 2,000 exhibits at the 2022 SHOT Show® in Las Vegas

Milwaukee, WI December 1st, 2021— Advanced Plating Technologies is going ALL IN at the 2022 SHOT Show this January 18–21 and will be joining an incredible list of more than 2,000 exhibits at The Venetian Expo and Caesars Forum in Las Vegas.

The SHOT Show is the world’s most comprehensive trade show for professionals involved with the shooting sports, hunting and law enforcement industries. This year’s expanded SHOT Show in both The Venetian Expo and Caesars Forum will offer even more opportunities for attendees to experience the best in firearms, ammunition, law enforcement, cutlery, outdoor apparel, optics and other related products and services first-hand.

“We are thrilled to exhibit for our 18th consecutive year at the largest SHOT show in history.” says Matt Lindstedt, Advanced Plating Technologies. “Many of our six trademarked finishes for ammunition and firearm applications began with discussions at SHOT. With it being 2 years since the last show at a time when industry demand is peaked, it’s an exciting time to meet once again.”

Advanced Plating Technologies will be showcasing various engineered coatings for a range of ammunition and firearm applications. Examples include nickel and alloy coatings for plating of shell casings and projectiles such as [Ducta-bright 7a®](#) nickel, [Black-TPD®](#) and [Eclipse-TPD®](#), as well as [Tacti-Black HP+®](#) - the only tri-plex black electroless nickel finish for firearm components. Advanced Plating Technologies has Type 10 FFL and is ITAR Registered for plating of serialized firearm components defense applications.

The SHOT Show is owned by NSSF, the firearm industry trade association, and is restricted to the shooting, hunting and outdoor trade professionals and commercial buyers and sellers of military, law enforcement and tactical products and services ONLY. The SHOT Show is not open to the general consuming public (e.g., private visitors, hunters, sport shooters, members of hunting and sports shooting clubs, etc.). Proof of professional affiliation is required.

Advanced Plating Technologies is a fourth-generation veteran owned metal finishing company based in Milwaukee, WI. Advanced Plating has helped develop industry leading plating solutions for OEMs throughout the ammunition and firearms industries.
